How to Prepare
• Arrive with clear goals in mind. Before a session, ask yourself, what do I want to ask the tutor? What do I want to improve about my writing, speaking, or reading?
• Students should bring their assignment sheet, readings, and other materials used to write papers.
• Documents should be edited before your session. Though tutors will comment generally on grammar and mechanics, they will not proofread your paper for you.
• Bring a pen or pencil to take notes with during your tutoring session.
